Directions to Pollo Rico Latin Bistro
Pollo Rico is located at 2435 Middle Country Road (Rte. 25), Centereach. Probably the simplest way to get there from the LIE is to take Exit 62 (Nicolls Road) and go north on CR 97 (towards Stony Brook). Continue north for about 3 miles then take the exit to Rte. 25. At the traffic signals at the end of the ramp go left and head west (Smithtown). The restaurant will appear after about 1.5 miles, on the right side of the highway. Their telephone number is 631-471-0585.
The LIASM Executive Committee appreciates the support received from all our advertisers. Let’s make every effort to direct our business to them, if at all possible.

The Topic
Straw, sticks, or brick…..can your structure stand up to the Big, Bad Wolf? If built according to specifications, it can! Modern construction requires inspection and quality insurance for compliance to building specifications. Testing and inspection are an important part of the quality control and assurance programs in building construction. Through inspection and testing, it is verified that work is being accomplished to the designer’s plan and that work conforms to applicable codes.

Our Speaker
Frank Szalajda is a professional engineer registered in New York and Connecticut. He has performed construction inspections in the New York City/ Long Island area working with Municipal Testing Laboratory, Inc. of Hauppauge, NY. He has also worked in the home inspection industry, is a certified welding inspector, ICC Structural Steel and Mechanical Inspector, and has worked in the HVAC (Heating, Ventilating and Air Conditioning) industry for over 20 years. Frank is also an adjunct instructor at Stony Brook University.
